V. GOVERNANCE

- **Members of the Board and their brief background**

GOKARAJU RANGARJU COLLEGE OF PHARMACY

THE VISION OF OUR EDUCATIONAL SOCIETY

Our President, Dr. G. Ganga Raju is a visionary. As an industrialist, Dr. Ganga Raju realized that there is no symbiosis between the academic institution and the industry. An amateur technologist is almost at bay, when he enters the industry the first time, because what he has learned in the classroom has very little relevance to his responsibilities and functions in the industry. The industry also finds it burdensome to train him to its needs. Often the theoretical knowledge of the young graduate is very high but he lacks even the minimum practical skills. Dr. Ganga Raju knows that a properly trained technologist with a strong practical bias is an asset to the industry and only such an industry can flourish and prosper.

It is with this idea that Dr. Ganga Raju, with the support of an accomplished and experienced team of committed and dedicated professional experts, launched our flagship, Gokaraju Rangaraju Educational Society. Its main objective is to promote technological, medical and management educational institutions for the overall benefit of the country in general and of the state in particular. Against this background, Gokaraju Rangaraju Institute of Engineering and Technology was established in 1997 with the required infrastructure and great expectations. The faculty and other resource persons have been chosen with great care, since they constitute the very means of successfully realizing the avowed objectives.

The year 2003 witnessed the addition of another technical institution, Gokaraju Rangaraju College of Pharmacy, with a view to grooming pharmacy graduates with very sound empirical knowledge and practical skills, so that these young graduates can find immediate employment in the industry. Hence the focus is now on the infrastructure facilities in this college, so that it may attain internationally acceptable standards. To facilitate this, the laboratories have been provided with equipment better than these recommended by AICTE and PCI. It is envisioned that post-graduate courses and research programmes of highest quality could be made available to our young aspiring students.

Plans have been initiated to enhance and expand our educational vision to other faculties as well, and to make this Educational Society a Deemed University. This is the fond dream of our President, a statesman with vision, a pioneer in education and industry, and an astute steward of men and matters.

➤ **Members of Academic Advisory Body**

The Academic Advisory Board at GRCP serves as an advisory body committed to providing advice that is representative of the views of faculty constituencies across the university for the purpose of improving the academic experience at GRCP. The AAB strives to enhance stewardship of the curriculum such that the student learning experience is continuously improved, enhanced and optimized. The AAB also serves as a liaison between the university leadership and the university-wide faculty constituency for the purpose of keeping faculty informed about academic issues.

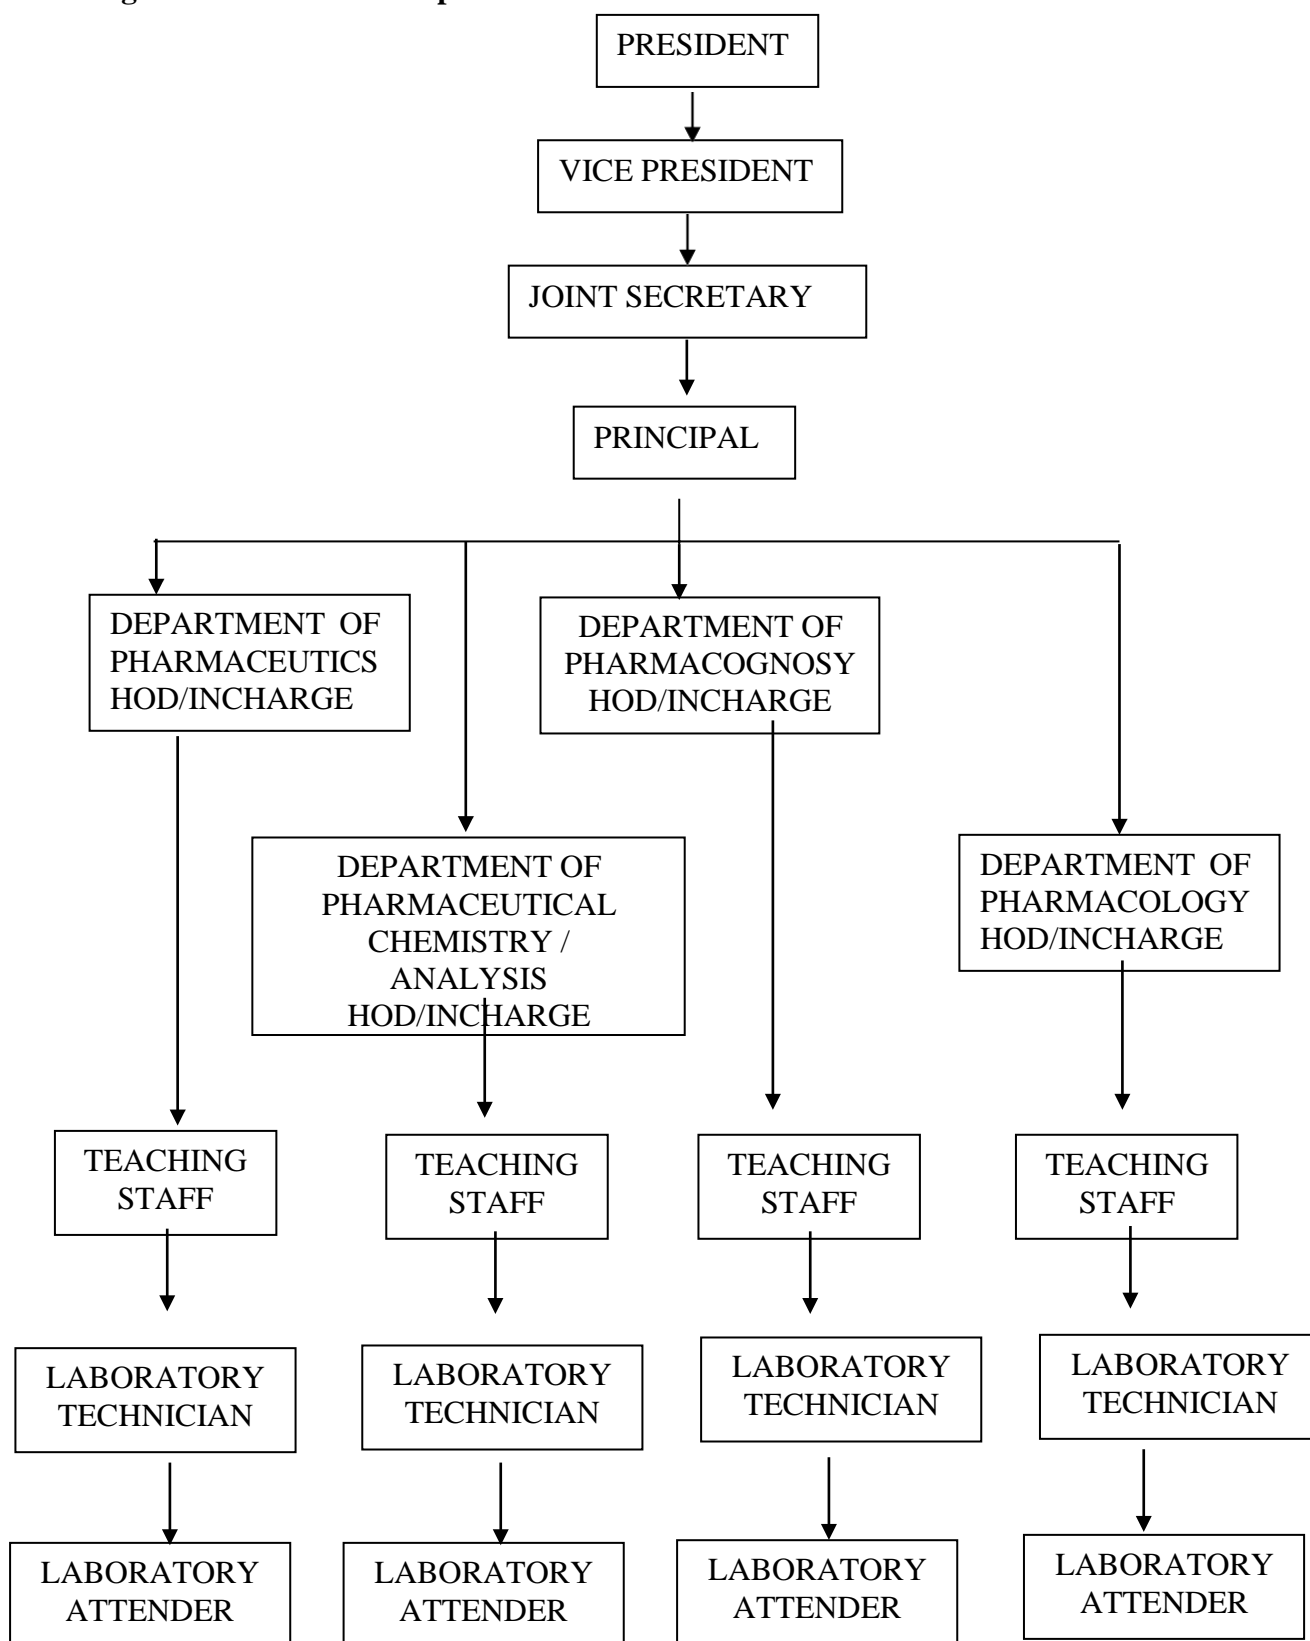

The Academic Advisory Committee is responsible for evaluation of the academic performance of students. One of its goals is to ensure that students continue to make normal academic progress toward graduation. The committee works closely with students, academic advisers and Academic Support Services in assisting students with the needed skills for academic success. At the end of each semester, the committee reviews academic records of students to evaluate academic progress.

➤ **Establishment of Internal Complaints Committee (ICC)**

Everybody has the right to be treated with dignity and respect and a right to safe and healthy work environment. Sexual harassment is a violation of an individuals' right to work and live with dignity. Gokaraju Rangaraju College is committed to providing a place of work and study that is free of sexual harassment. Instances of sexual harassment will be taken seriously and dealt with promptly. Disciplinary action will be taken according to the nature and gravity of the behavior reported. The College will respect the confidentiality and privacy of individuals reporting and the accused of sexual harassment to the extent possible. Care will be taken to see that complainants, witnesses and the harasser does not face victimization and discrimination during the process of enquiry. Intentionally providing false information is a ground for disciplinary action. In case of a false complaint a penalty will be levied on the complainant. All members of Gokaraju Rangaraju College – students, teaching faculty, administrative staff, both contractual and temporary will come under the purview of this policy.

What constitutes sexual harassment?

Sexual harassment as defined in the Sexual harassment of women at workplace (prevention, prohibition and redressal) Act, 2013 includes any one or more of the following 'Unwelcome' acts or behavior: (i) physical contact and advances; (ii) a demand or request for sexual favors; (iii) making sexually coloured remarks; (iv) showing pornography; or (v) any other unwelcome physical, verbal or non-verbal conduct of sexual nature. This would also include online harassment via internet, sms and social network sites. Further, the following may also amount to sexual harassment: (i) implied or explicit promise of preferential treatment; (ii) implied or explicit threat of detrimental treatment; (iii) implied or explicit threat about present or future employment status; (iv) interference with work or creating an intimidating or offensive or hostile work environment; or (v) humiliating treatment likely to affect health or safety.

The Process for Complaint and Inquiry

Step I: An aggrieved woman should give a written complaint either in person or through post or email. It should be submitted to the 'Prevention of Sexual Harassment and Atrocities

against Women Committee' within 3 months of the date of the incident. The time limit may be extended for a further period of 3 months if, on account of certain circumstances, the woman was prevented from filing the complaint. If the aggrieved woman is unable to make a complaint, her legal heirs may do so.

Step II: On receipt of the complaint, the ICC will proceed to make an inquiry in accordance with the service rules or in their absence, in accordance with rules under the Act. The inquiry will be completed within 90 days. And the inquiry report will be submitted within 10 days from the date of completion of the inquiry.

Step III: If the ICC finds that the allegations against the respondent are proven, it will submit a report to the Principal to take action for sexual harassment as misconduct in accordance with the provisions of the applicable service rules or where no service rules exist, in accordance with rules framed under the Act.

Step IV: The college management will act on the recommendations of ICC within 60 days of the submission of the inquiry report.

Step V: Appeal against the decision of the ICC is allowed within 90 days of the recommendations.

Committee for prevention of sexual harassment and atrocities against students and women.

➤ INTERNAL QUALITY ASSURANCE CELL (IQAC) COMMITTEE

Strategies:

IQAC shall evolve mechanisms and procedures for:

- Ensuring timely, efficient and progressive performance of academic, administrative and financial tasks.
- Ensure relevance and quality of academic and research programmes.
- Equitable access to and affordability of academic programmes for various sections of society.
- Optimization and integration of modern methods of teaching and learning.
- Setup credibility of evaluation procedures.
- Ensuring the adequacy, maintenance and functioning of the support structure and services.
- Research sharing and networking with other institutions in India and abroad.

Functions:

Some of the functions expected of the IQAC are:

- Development and application of quality benchmarks/parameters for the various academic and administrative activities of the institution.
- Dissemination of information on the various quality parameters of higher education.
- Organization of workshops, seminars on quality related themes.
- Documentation of the various programmes / activities leading to quality improvement.
- Acting as a nodal agency of the institution for quality-related activities.
- Preparation of the Annual Quality Assurance Report (AQAR) to be submitted to NAAC based on the quality parameters.

Benefits:

IQAC will facilitate / contribute:

- To a heightened level of clarity and focus in institutional functioning towards quality enhancement and facilitate internalization of the quality culture for Quality and Excellence in Higher Education.
- Enhancement and integration among the various activities of the institution and institutionalize of many good practices.
- To provide a sound basis for decision making to improve institutional functioning.
- To act as a change agent in the institution.
- For better internal communication.

Composition of the IQAC:

The IQAC may be constituted in every institution under the chairmanship of head of the institution with heads of important academic and administrative units and a few teachers and a few distinguished educationists/ representatives of local committee.

The composition of the IQAC may be as follows:

Chairman: Head of the Institution

Prof. Dr. Giriraj T. Kulkarni
Principal

A senior administrative officer

Dr. K.S.N Raju,

S.NO	Committee Member	Designation
1	Dr. Giriraj T. Kulkarni	Principal - Chairman
2	Dr. N. Swathi	Co-ordinator
3	Dr. KVS Raju	Senior Administrative Officer
4	Dr. JN. Murthy	Management Member
5	Dr. MN Rao	Industrial Nominee
6	Mrs. Ch. Soujanya	Member
7	Dr. Talat Farheen	Member
8	Mrs. V. Sirisha	Member
9	Mr. P. Gopi	Member
10	Ms. Divya Rupini	Student
11	Mr. Rahul Naik	Alumni Student
	Nominee from local society (external member)	Mr. Ramesh Kumar, Vice President, Gland Pharma Ltd
	One of the teachers as the coordinator of the IQAC	Mrs. Shashikala Mytri, Pharmacognosy Department.

The composition of the IQAC will depend on the size and complexity of the institution. It helps the colleges in planning and monitoring. IQAC also gives stakeholders or beneficiaries a cross-sectional participation in the institution's quality enhancement activities. The guidelines given here are only indicative and will help the institutions for quality sustenance activities. It is necessary for the members of the IQAC to shoulder the responsibilities of generating and promoting awareness in the institution and to devote time for working out the procedural details.

While selecting these members several precautions need to be taken. A few of them are listed below:

- It is advisable to choose from various backgrounds who have earned respect for integrity and excellence in their teaching and research. Moreover, they should be aware of the ground realities of the institutional environment. They should be known for their commitment to improving the quality of teaching and learning.
- It would be appropriate to choose as (senior administrators) in charge of institutional services such as library, computer center, estate, student welfare, administration, academic tasks, examination, planning and development.

- The management representatives should be persons who are aware of the institution’s objectives, limitations and strengths and are committed to improvement. The local society representatives should be of high standing and should have made significant contributions to society, and, in particular, to education.
- The Role of Coordinator

Role of Coordinator:

The role of the coordinator of the IQAC is crucial in ensuring the effective functioning of all the members. The coordinator of the IQAC may be a senior person with expertise in quality aspects. She/he may be a full-time functionary or, to start with, she/he may be a senior academic /administrator entrusted with the IQAC as an additional responsibility. Secretarial assistance may be facilitated by the administration. It is preferable that the coordinator may have a sound knowledge about the computer, its various functions and usage for effective communication.

Operational Features of the IQAC:

Quality assurance is a by-product of on-going efforts to define the objectives of an institution, to have a work plan to achieve them and to specify the checks and balances to evaluate the degree to which each of the tasks is fulfilled. Hence devotion and commitment to improvement rather than mere institutional control is the basis for devising procedures and instruments for assuring quality. The right balance between the health and growth of an institution needs to be struck. The IQAC has to ensure that whatever is done in the institution for “education” is done efficiently and effectively with high standards. In order to do this, the IQAC will have to first establish procedures and modalities to collect data and information on various aspects of institutional functioning.

The coordinator of the IQAC and the secretary has a major role in implementing these functions. The IQAC may derive major support from the already existing units and mechanisms that contribute to the functions listed above. The operational features and functions discussed so far are broad based to facilitate institutions towards academic excellence and institutions may adapt them to their specific needs.

The Annual Quality Assurance Report (AQAR) of the IQAC:

All the accredited institutions which have established the IQAC will submit a self-reviewed progress report annually to the NAAC, detailing the tangible results achieved in key areas which are specifically identified by the IQAC in the beginning of the academic year by devising a perspective plan. The AQAR is the outcome of the perspective plan of the IQAC.

iii) E-Library Facilities:

1) OPAC:

Online Public Access Catalog (OPAC) KOHA web OPAC allows convenient access from anywhere on system/smartphone to the online database of library collection by Title/Author/Subject/Publisher wise and access to member accounts.

2) Resource Sharing:

Library provides facility for resource sharing with other Libraries through DELNET (Developing Library Network) with use of systems through which services can be linked with each other through a suitable communication network. Sharing of material from each other's collection in the form of list of books, indexes and abstracts of required article, documents by using computer terminals with printing facility.

3) Literature Search:

Library is providing the e-service for Literature search through DELNET. MEDLINE, online journals search.

- MEDLINE and Other Databases of NLM: <http://www.nlm.nih.gov/hinfo.html>
- DELNET Consortium for E-Journals: <http://www.delnet.nic.in/ejour.htm>
- Online Full-Text Medical Books : <http://www.freebooks4doctors.com/>
- Online Pharmacy E-Journals: <http://164.100.247.25/basisbwdocs/pharma.html>

4) E-books:

Access to e-books are provided with subscription of World E-Book Library through Delnet e-books Pharmacy collection.

5) Digital Library:

In order to facilitate the users in literature search `especially access to subscribed e-resources like e-books and e-journals, koha software database, inter library loan facilities are available.

➤ **Games and Sports Facilities**

Sports play is vital for shaping up the personality and fitness of a person and to give a global experience to all the students. An on-campus sports environment matching global standards is provided to all the students at GRCP. Since its establishment, the GRCP Sports department has played a vital role in student's life to reshape their personality and add values like Team work and Positive attitude. With a view to develop the all-round personality of the students, the PGC emphasizes equally on sports. It is the constant Endeavour of the college to see that the students grow intellectually as well as physically. The students are encouraged to take part in indoor & outdoor games and sports as the games constitute an integral part of education. Besides providing physical and mental discipline, they inculcate in students the noble qualities of team spirit, discipline, sportsmanship and self-confidence. Our motive is to maximize access, development and excellence at all levels of participation in sport in order to improve social cohesion, nation building and the quality of life. We strongly believe in saying that a healthy body is the perfect key to a healthy mind. Our college is built in such a way that any student can avail the benefit of college sport facilities. We conduct sport activities for our students and allot the prizes to the winning teams. The Director of Physical Education as the chief organizer of the sports events plans, conducts and supervises them throughout the year.

Sports Facilities available in the college are as follows:

S.No	Name of the Event	Facility available	Management	Usage of Students
OUTDOOR GAMES:				
1	Basket Ball	38 x 18 mtrs	Physical Director	60
2	Volley Ball	28 x 20 mtrs		90

❖ Extra-Curricular Activities

GRCP lays stress on beyond academic activities through structured Co and Extra-curricular activities integrated and spread over the entire academic year, as they have profound impact in shaping up the overall personality of a student. This help students to expand their network, which is beneficial for finding career opportunities after graduation.

- a) All activities are pre-planned and included in the college diary.
- b) All activities are planned and executed by the student bodies with assistance from faculty when needed.

c) Cultural Activities:

The College has been conducting annual cultural competitions during the months of March-April every year to showcase student's talent in dance and music. Competitive spirit is imbued by way of awards and prizes for best performance.

d) Alumni Day:

The College has been organizing an alumni meet during the months of Dec-Jan every year through GRCP Alumni Association (GRCPAA) to provide social and professional networking opportunities. Alumni gets to meet their long lost friends, and interact with their faculty.

e) Games:

The Institute has a college team in all major games and sports. The teams participate in inter-university and state level tournaments and have won the prizes.

f) Teachers day celebrations:

This is an annual event held on 5th September every year wherein the students pay regards and gratitude to their Gurus for guiding them as a torch bearer to grow further in their life and achieve their goals.

g) Bathukamma celebrations:

A cultural fest (floral festival of Telangana State) celebrated during the month of September-October. Students celebrate Bathukamma Samburalu with traditional grace of the attire.
